COMMUNITY PROJECT--South Kanara--Supply of medicines to Primary Health Centres--Local purchase--Permission--Regarding.

The stock of many items of medicines having been exhausted at the two Primary Health Centres at Bajpe and Hebri, the Medical Officers in charge of the institutions were pressing me to sanction local purchase of drugs and medicines required to meet immediate requirements.

UNDER SECRETARY TO GOVERNMENT
5-MAR 1956
PUBLIC (R.D.P.) DEPARTMENT

In the existent circumstances, I had to permit the Medical Officer, I/C. of the P.H.C. Hebri to purchase locally medicines worth Rs. 130/- after obtaining competitive quotations. I have also received a list of medicines and drugs required for immediate use in the P.H.C. Bajpe. The cost of these items may also come to about Rs. 130.

As the annual indents submitted to M.S.D. have been returned for consolidation it may take some more time to receive supplies from M.S.D. It is therefore, quite essential for the efficient working of the Primary Health Centre, to supply some urgently required medicines by local purchase. I am therefore permitting the Medical Officer, P.H.C. Bajpe also to purchase medicines required to meet the immediate needs of the institutions locally at a cost not exceeding Rs. 130. after obtaining competitive quotations from popular local stockists.

Thus medicines worth Rs.260/- will be required to be purchased to the two Primary Health Centres of this Community Project in view of the non-receipt of the annual supply from the M.S.D. and also in view of the pressing demand.

P.E.C.

I, therefore, request that the Government may be pleased to sanction local purchase of medicines at a cost not exceeding Rs. 130/- for each of the two Primary Health Centres after obtaining competitive quotations from popular local stockists and also to approve my action in having permitted the Medical Officers in charge of the institutions to make purchase in anticipation of Government sanction.

Yours Faithfully,

Project Executive Officer. 3.3.56
